# WELCOME

SwimUSA Pools is dedicated to manufacturing **premium quality** inground fiberglass swimming pools. You can rest easy knowing that your SwimUSA pool will be built using the finest raw materials available in the industry.

Have comfort in knowing **your kids are safe** in their own backyard, having fun, and staying healthy.

Studies have shown the benefits of aquatic therapy include increasing strength and mobility. Swimming also builds up endurance, increases muscular flexibility and balance, and can help the heart muscle become **stronger**.

A SwimUSA pool can be a **great investment** in your home, family, and lifestyle - and they are **pet-friendly**.

# WARRANTY WARRANTY

## Best Warranty in the Industry

SwimUSA Pools is the **ONLY** fiberglass pool manufacturer that offers **PLATINUM WARRANTY COVERAGE**, which includes a **TRANSFERRABLE 50-YEAR STRUCTURAL** Warranty **AND** a limited **COMPREHENSIVE SURFACE** Warranty, not offered by any other fiberglass pool manufacturer.

While other fiberglass pool manufacturers may offer a surface warranty, it typically only covers osmotic blistering. SwimUSA is so confident in our selection of premium quality raw materials and the craftsmanship and experience of our build crews, that our surface warranty includes coverage for the following, when your pool is properly installed and maintained:

- ★ 15-years osmotic blistering
- ★ 3-years cosmetic surface/spider cracks
- ★ 1-year fading, whiting, clouding, or hazing

Our **PLATINUM WARRANTY COVERAGE** ensures your SwimUSA fiberglass pool is protected by the **BEST warranty in the fiberglass pool industry**.

*Protect your investment. No other fiberglass pool manufacturer covers what we do!*

**PLATINUM**  
Warranty Coverage

# ADVANTAGE

## The SwimUSA Advantage

**UNPARALLELED QUALITY OF MATERIALS THAT DEMANDS THE INDUSTRY'S BEST WARRANTY!**

There's a reason why SwimUSA offers unprecedented Platinum Warranty Coverage. Our commitment to quality begins with the use of premium raw materials and the meticulous craftsmanship of our experienced build crews. Quality assurance check points at key stages provides peace of mind so you can rest assured that your pool will be built to last a lifetime.

### ① Surface Layers

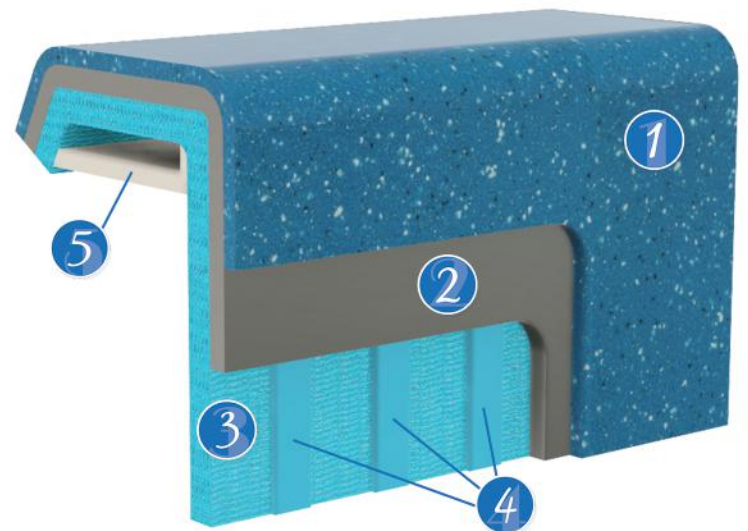

Complement your outdoor living space with our High Definition Galaxy Surface Finish in one of our Standard or Premium colors.

### ② Barrier Layers

Epoxy based Vinyl Ester Resin creates a barrier coat designed for flexibility, strength, durability, impact, blister resistance and toughness.

### ③ Structural Layers

SwimUSA's Biaxial Encapsulation Layers are the core reason for our Platinum Warranty Protection. Due to its increased tensile strength, our hand-laid 36-ounce premium biaxial fiberglass is superior to standard woven mat typically found in other fiberglass pools. Encapsulated with chopped mat and polyester resin, our Biaxial Encapsulation Layers act as a corrosion barrier, providing exceptional strength and durability, while offering adequate flex for freeze/thaw climates. Additional Biaxial Encapsulation Layers are added to the floors of all pools, as well as the walls of our large and jumbo pools, to ensure you have the strongest fiberglass pool available.

### ④ Honeycomb Supports

Honeycomb supports are strategically incorporated along the walls, tanning ledges, and other key transitional points to maintain your pool's shape and enhance its structural integrity.

### ⑤ Encapsulated Coping

Encapsulated coping provides additional protection during transportation and installation, while adding to the pool's overall strength and rigidity.

**Together the surface, barrier, and structural layers create the best built fiberglass pool available today, which is backed by the industry's leading warranty.**

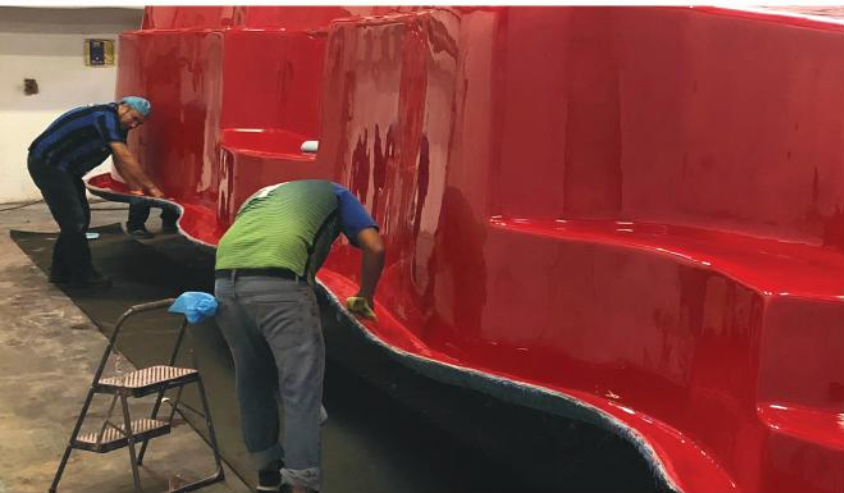

***Discover the SwimUSA Advantage!***

# MANUFACTURING MANUFACTURING

## Quality you can Depend on!

INTEGRITY YOU CAN TRUST

Our skilled and dedicated crew uses the finest quality, premium raw materials available in the industry to hand craft pools, spas and tanning ledges in the United States of America, that are built to last a lifetime.

Much care is taken to maintain our molds.

The mold is cleaned and prepared to build your pool on.

# INSTALLATION

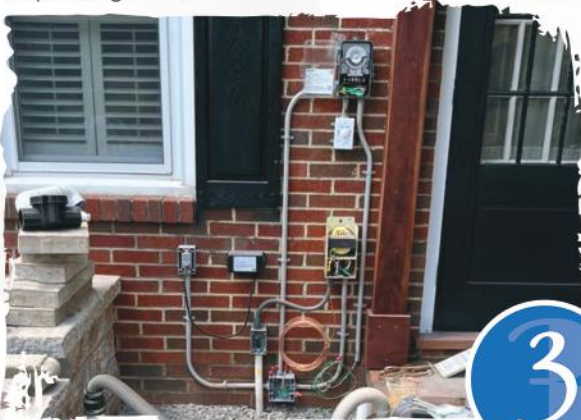

1

Your pool builder will prepare the hole based on the specific model you ordered and your pool will be lowered into the hole using a crane or excavator, depending on size.

2

Your builder will backfill around the pool with clean 3/8 stone, while filling your pool with water.

3

The plumbing is completed and ready for an electrician to run power to the equipment pad. This concludes the actual installation portion of your fiberglass pool.

4

Once your pool is installed, it will be ready for a minimum of 3-feet of concrete to be poured around it. You can also have pavers, travertine, or other material used in lieu of concrete, depending on the look you are trying to achieve.

# Swim & Play

Rectangle pools are a great way to create a modern backyard with clean lines and plenty of swim area.

# RECTANGLE

11'x18' depth: 5'

Non-Diving Pool  
Use of diving equipment is prohibited

# COLORS

## Complement Your Home

You can select a color for your pool that reflects your style and personality, while complementing your home and backyard.

### Standard Galaxy Finishes

The color you select for your pool will affect the overall look and feel. Our Standard Galaxy Finishes offer a wide assortment of design possibilities.

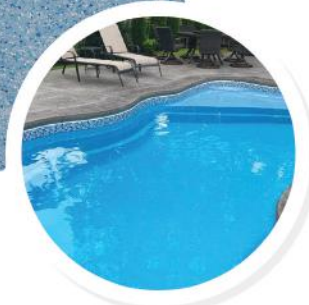

*Admiral*

*Blue Wave*

*Crystal*

*Island Teal*

*Steel*

Atmospheric conditions and cloud cover contribute to the color the water reflects in a pool. Due to the nature of photography, raw materials, and printing, variations in color may occur.

# Dazzling Colors

Personalize your pool with hues and tones as unique and spectacular as you.

# COLORS

## Premium Galaxy Finishes

When you want colors beyond ordinary, our Premium Galaxy Finishes are extraordinary! Designed to dazzle and delight, these hues can help you create your dream pool.

*Sapphire*

*Columbia*

*Paradise*

*Peacock*

*Oasis*

*Nightfall*

*Titanium*

*Granite*

*Biscotti*

*Pearl*

*Amethyst*

*Cotton Candy*

*Flamingo*

Due to the nature of photography, raw materials, and printing, variations in color may occur.

Various types of tile can be added to your pool so it reflects your personality and design style.

## Waterline Tile

We offer a wide assortment of ceramic and glass tile for your SwimUSA pool. A 6-inch border of waterline tile can be installed along the top perimeter of your pool to complement your pool's color. Your pool can be further customized with our accent tile which is inset along the edge of steps, seats, or ledges. See our website for current standard tile options.

### Accent Tile

Your pool can be further customized with our accent tile which is inlaid along the edge of your pool's steps and seats.

### Mosaic Tile

For even more ways to customize your pool, select from stylish inlaid mosaics that come in a variety of design styles, including dolphins, turtles, starfish, medallions, fish and more.

# For Your Mind, Body & Soul

The soothing sounds of water, combined with soft hues of your favorite colors, creates a space where you can relax and unwind.

# OPTIONS

## Swim Jets

Swim Jets can transform an ordinary pool into a fitness center. You can swim in place while increasing your heart rate and improve muscle strength. Swim Jets can be installed on the back wall of your SwimUSA pool.

## Bubblers

Your SwimUSA pool can be built with bubblers in a bench, step or shallow floor to create an elegant masterpiece. Bubblers can also be added to one of our tanning ledges for a unique look.

## Lighting

LED lighting provides a dramatic and affordable way to highlight your pool's best features with bright, energy-efficient lighting, giving you a way to enjoy your pool at night as well as the day.

Ask your friendly SwimUSA representative or local dealer to explain the various ways lighting can be added to your pool.
